

LEARN ABOUT LINES RUBBING PLATES

R48251

Lines are the foundation of artistic expression, and we've designed 12 unique line patterns to inspire creativity in every stroke. Simply place a sheet of paper over a thick cardstock rubbing plate, rub with the side of a crayon, and watch vibrant patterns emerge like magic. Use the textured designs to cut out shapes for collage art or cut into strips to create paper sculptures. Perfect for encouraging artistic exploration and hands-on learning, these plates are an essential tool for any art classroom or craft corner.
