

Make-A-Berm Kit

Make-A-Berm Kit

Flexible Spill Containment - Flexible Spill and Leak Containment and Control Make-A-Berm Kit

Make-A-Berm™ Kit is a fit for most application needs. It can easily be installed on site to fit the layout without having to move existing equipment. Connect multiple berm pieces to fit your containment area.

- Multiple Make-A-Berm components
- Straight pieces can be linked together or combined with corners to create a complete containment solution
- Ability to easily cut the berm pieces with a knife to fit the containment area
- Contains spills and leaks around unique equipment situations
- Durable bright yellow color for visibility
- Different sizes ideal for small to medium capacity containment needs
- Includes 2 straight sections (7.62 m), 4 corners, 6 tubes adhesive/sealant, vinyl cement, 1 roll vinyl collar

Recommended use

- For indoor and outdoor applications around difficult-to-move equipment or in spill-prone areas at manufacturing plants, production and assembly lines, picking, packing and logistics warehouses
- Medium duty

Colors:

- Yellow

Sizes:

- 5.08 cm x 15.24 m
