

AlturnaMATS®

Medium duty mat with diamond cleat tread

AlturnaMATS®

Ground Protection Matting - Medium Duty Ground Protection Matting

AlturnaMat® is a manhandle-able * medium duty ground protection solution with a load capacity of up to 120 tons*. Lightweight, flexible, and durable, the AlturnaMat® is available in a range of sizes and is ideal for use in construction, civil engineering, ground works, and event industries.

- Load bearing capacity up to 120 tons
- Lightweight with hand holes for easy maneuverability by a two-person team
- Manufactured from quality 100% recycled high-density polyethylene
- Various connector options available to suit different ground conditions
- 4 connection points at each corner of the mat for multiple configuration options
- Diamond cleat tread surface providing impressive grip

- Outdoor
- For use as temporary roadways, pedestrian pathways, work areas for plant and machinery, drilling rigs, depot or storage areas.
- Medium duty

Recommended use

Ground Protection Matting - Medium Duty Ground Protection Matting AlturnaMATS®

General

Brand	Checkers
Category	Medium Duty Ground Protection Matting
Product Number	AM
Product Family	Ground Protection
Product Group	Ground Protection Matting
Industry	Material Handling, Military, Entertainment, Power Generation, Construction, Utilities, Landscaping, Infrastructure
Product Name	AlturnaMATS®
Recommended use	For use as temporary roadways, pedestrian pathways, work areas for plant and machinery, drilling rigs, depot or storage areas.
Series	AlturnaMAT®
Shipping Location	Achterzeedijk 57, Unit 15, Barendrecht 2992SB, The Netherlands, Titusville, PA 16354, United States
Sub brand	TuffTrak™
Usage Intensity	Medium duty

Sustainability

REACH	Reach compliant (Registration, Evaluation, Authorization and Restriction of Chemicals).
Sustainability	100% recycled

Technical Specifications

Edges	No borders
Material	HDPE
Material Group	Polyethylene
Process	Moulding

Art. nr.

TTMSAM01BL
