

# 1000L Roll Forward Polyethylene Tipping Skips

1000L HDPE Tipping Skips

# Skip Containers - Skip Tilting Containers

## 1000L Roll Forward Polyethylene Tipping Skips

Tipping skip container made of recyclable high-density polyethylene. Great solutions for bulk industrial materials, waste, scrap transport, and unloading. Capacity 1000 Kg.

- Made of high density recyclable polyethylene
- Watertight
- Equipped with an automatic unloading and tilting mechanism that is operable by the operator staying seated within the forklift
- Forklift jackets and bucket support base made of sheet steel metal for high resistance
- Equipped with 2 fixed castors & 2 swivel with brakes
- Also available without tilting device to be used as a handy container on wheels
- Available for the food industry on request

### Recommended use

- Indoor/Outdoor
- For the safe handling and unloading of industrial materials, bulk materials and waste and for operational safety since the operator activates the dumping mechanism directly from the forklift seat.
- Heavy duty

### Colors:

- Grey

### Sizes:

- 165 x 119 x 107.5 cm
