

*their safety is essential.*

Products made to work hard—and built to last.

### Angle Bracket QuickBerm®

Economical secondary spill containment – suitable for stationary containment needs

- Best for applications with limited need to vehicles drive in/out, such as storage for transformers, generators, metal/poly tanks, IBCs, oiling/refueling operations, and more
- Arrives folded for easy shipping—assemble by simply slipping angle brackets into slots
- Angle L-brackets provide sturdy sidewall support—in steel or aluminum
- Top 1-inch hem adds strength and prevents wall sag—reinforced corners for 100% containment
- Fuel and chemical-resistant geomembrane liner
- Custom sizes available with walls from 12- to 24-inch high

Affordable spill containment for small- to big-scale applications.

Slip angle L-brackets into protective pockets to keep walls upright, no sagging.
