

Outrigger Pads

Provides a stable platform to prevent ground damage.

Outrigger Crane Pads - Outrigger Pads

TuffTrak® outrigger crane pads provide a cushioned, stable load platform for outriggers, and prevents damage to the ground.

- Various sizes available to suit your project needs and requirements
- Manufactured from a mix of 100% recycled High Molecular Weight and Ultra High Molecular Weight Polyethylene
- Carry handles for easy manoeuvrability
- Largest size load-bearing capacity of 100 tons (subject to ground conditions)
- Weather, water, chemical, and oil resistant
- Do not splinter and are unbreakable under normal working conditions
- Moulds to uneven or undulating ground conditions thanks to its flexible design

Recommended use

- For use with when operating cranes, outriggers, powered access platforms and mobile plant to provide a cushioned and stable support by spreading load evenly and protecting the ground underneath.
- Heavy duty

Colors:

- Black

Sizes:

- 40cm x 40cm x 4cm
- 50cm x 50cm x 5cm
- 60cm x 60cm x 6cm
