

Stackable Big Bag Holder Racks

Stackable and demountable big bag holders

Metal Pallets - EQUIPMENT, MACHINERY, OPERATIONS

Stackable Big Bag Holder Racks

Galvanized steel big bag holder racks were designed and tested for the safe storage and transport of big bags. The demountable structure allows to significantly reduce the space in transport while the stackable design allows storage space optimization.

- Hot-dip galvanized steel demountable structure with removable uprights
- Available with mesh bottom or spill pallet
- Ideal for 1000 L big bags
- Stackable design
- Spill pallets for the bundled models are certified and tested

Recommended use

- For the safe bulk bags storage and transport.
- Heavy duty
