

## JFB 7 K

Load capacity: 2 x 3,5 t

Height: 110 mm

Art.-Nr. 08 071 085-D

### Advantages of transport trolleys

- The double roller design results in dramatically easier steering due to reduced friction forces in castors. The much lower friction resistance also causes the trolleys on the rear axis to follow in a truer course.
- You need 30 % less power for steering.
- Higher capacity with professional castors, at same dimension as series K trolleys.
- The adjustable-width transport trolley consists of two transport units and connecting bar.
- Inspected according to technical regulation ANSI ? ASME (USA)

## Technical data

| Title                                | Unit | Data       |
|--------------------------------------|------|------------|
| Load capacity                        | kg   | 2 x 3500   |
| Number of castors                    | pcs. | 2 x 4      |
| Castor dimensions Ø x Fitting length | mm   | 85 x 85    |
| Height                               | mm   | 110        |
| Supporting surface per cassette      | mm   | 170 x 170  |
| Cassette dimensions                  | mm   | 325 x 200  |
| Connecting bar with joint            | mm   | 1230       |
| Cassettes adjustable from - to       | mm   | 400 - 1030 |
| Weight professional                  | kg   | 27         |
