SCAN DUST 2900/3600

The dust collector Scan Dust 2900 (SD 2900) is a great option for all of our smaller grinders; Scanmaskin 18 up to SC500 PD. SD 2900 is a versatile and efficient dust collector, known for its high reliability and performance. The cylindrical design functions as a pre-separator, causing heavy particulate to separate from the fine dust. This allows the heavy particles to immediately drop into the bottom of the cyclone, bypassing the filters completely, which increases filter life and suction performance.

The SD 2900 is equipped with the efficient Jet-Pulse system that pulses the filters in order to keep them clean. The SD 2900 uses sock filters, which can easily be washed in order to prolong filter life. There is also a main filter option; a traditional cartridge filter that could be better when e.g. working on hardwood floors. The main filter cassette can easily be changed to fit the cartridge filters. In addition the SD 2900 is equipped with two HEPA 13 filters that take care of insidious particles.

The SD 2900 takes advantage of the Longopac bagging system, which makes managing dust very easy and efficient. With the Longopac system you will get 20m of folded plastic bag that gives you about 25 dust-free changes.

For smoother transport and storage the SD2900 is equipped with gas springs that make it easy to adjust the height of the machine to minimize its size.

INDUSTRIAL VACUUM FOR SMALLER GRINDERS

FILTER
Hepa 13

MAX AIRFLOW
420 m³/h

MAX VACUUM
230 mbar

TECHNICAL DATA

729000 SCAN DUST 2900

Voltage:	220-240 V 1~ / 110V 1~
Motor Power:	2,8 kW / 3,5 hp
Current:	10 Amp
Frequency:	50-60 Hz
Max airflow:	420 m3/h / 247 ft3/min
Max vacuum:	230 mbar
Hose:	Ø50mm / Ø2"
Inlet:	Ø50 mm / Ø2"

Primaryfilter:	Sockfilter/Cartridge filter
Microfilter:	Hepa 13
Filtercleaning:	Semi-Automatic Jetpuls
Floor nozzle:	450 mm / 18"
Sound level:	65 dB (A)
Dimension:	56x80x130 cm / 22"x31,5"x51"
Weight:	54 kg / 119 lbs

Equipped with micro filter Hepa 13

Custom for smaller grinders from SC18 up to SC500PD

Equipped with adjustable cyclone for easier transportation

Equipped with Longopac bagging system.
