

Temperature Measurement

PCWI International are leaders in the manufacture, certification and distribution of specialist measuring instruments relevant to the metals construction and coating industries.

307 K Type Thermometers

Applications

Measurement of Temperature in °C or °F

Features

Single Input
K Type thermocouple
3½ digital LCD
Min/Max Function
MAX Hold
Data hold

Specifications

Range: -200°C to +1370°C
Resolution: 0.1°C
Accuracy: ±0.3% of reading +1°C

Power: 9V
Dimensions: 164 x 54 x 34mm
Weight: 200g

Certification of Temperature Available
