Introduction

Danger

Failure to obey the instructions and safety rules in this manual and in the operator's manual for this machine will result in death or serious injury.

Note

The Operator Protective Structure (OPS) is for use with 6' and 8' platforms on machines manufactured from January, 2003.

OPS Safety

Read, understand and obey all warnings and instructions provided with the OPS.

Do not exceed the rated platform capacity. The weight of the OPS assembly will reduce the rated platform capacity and must be subtracted from the total platform load.

The OPS assembly weighs 35 lbs / 16 kg.

Be sure the OPS is securely installed.

Refer to the machine operator's manual for additional information about avoiding overhead obstacles.

When the OPS structure is attached, this manual should be considered a permanent part of your machine and should remain with the machine at all times.

Symbol and Hazard Pictorials Definitions
