

## Winch type MCW 2800

### Products

The MCW series covers the electric self-braking worm gear winches. Developed for heavy duty pulling and traversing work up to 2000 kg , the MCW series has been a longstanding part of the Emcé winch programme. The MCW series is also available as a lifting winch with capacities up to 1700 kg. For more accurate positioning during pulling, or repetitive lifting jobs, an optional motor brake is available.
