

Litty Power Pointer

For better, reproducible welding results in workshops and on building sites.

Power Pointer

The handy, mobile grinding device for tungsten electrodes

Anyone who carries out good professional work will know how to assess the advantages of the Power Pointer.

Regardless of whether you are **on a building site or in a workshop** the Power Pointer sharpens your electrodes fast and always to the same preset angle. **The fine diamond cut is done in the longitudinal direction.**

It is essential for perfect and reproducible welding results. In addition, the electrode can be quickly flattened and cut to length. This **saves work time** and the welder can concentrate on his own work.

Power Pointer

TECHNICAL DATA

230V electric motor, infinitely variable speed from 5,000-20,000 rpm
Weight: only 750g

ADVANTAGES

- ✓ Grinding in the longitudinal direction by a removable diamond grinding disc coated on both sides
- ✓ Grinding of tungsten electrode to 30° as standard
- ✓ Specially designed for manufacturing small quantities on a building site
- ✓ For electrode diameters: Ø1.6 mm / 2.4 mm / 3.2 mm

SCOPE OF SUPPLY

- Grinding machine with diamond disc coated on both sides in a sturdy carrying box
- Inserts electrode diameters: Ø1.6 mm / 2.4 mm / 3.2 mm

ACCESSORIES

- Spare grinding disc
- Spannfix (175/85 mm)
- Grinding angle-attachment
- Inserts for the electrode diameter 1.0 mm

Litty Power Pointer

- 1 Speed regulation 5,000-20,000 UPM
- 2 Branded motor from Proxxon
- 3 Working head made of stainless steel
- 4 Grinding inserts for various electrode diameters
- 5 Diamond grinding discs coated on both sides

The machine is delivered in a box

Grind

Flatten

Cut to length

Accessories

GRINDING ANGLE - ATTACHMENT KIT

This adaptor can be used to vary the preset angle of 30° as required.

SPANNFIX

Collet (available in lengths of 85 and 175 mm) for the safe sharpening of very short electrodes. Protects from bruining.

DIAMOND GRINDING DISC

The diamond grinding disc supplied can be changed when it is worn in a few easy steps.
