

Floor gully, Purus Pro Line and Purus Line/Corner

Holder/Issued to

Purus AB

Södra Dragongatan 15, 271 39 Ystad, Sweden

Product description

Purus Pro Line floor gullies, outlet and plate, are made of ABS with grating and upper part made of stainless steel. The plate is self-supporting when mounted in wooden floors.

Purus Line/Corner is a variant without a built-in plate that can be used as a linear gully or in a corner. For mounting in wooden floors, mounting rails in steel are included.

Both Purus Line and Pro Line are available with side outlet, gable outlet and bottom outlet in $\varnothing 75$ mm and with side outlet and gable outlet in $\varnothing 50$ mm.

They are also available in a low-built variant that has side outlet in $\varnothing 50$ mm.

The floor gullies are delivered with NOOD spring-loaded water trap with odor stop together with clamping ring in stainless steel.

Gratings fulfill requirements for loading strength class K3. Purus Line and Purus Pro Line are available in lengths of 600, 700, 800, 900, 1000 and 1200 mm.

The following flows have been measured for Purus Pro Line together with grating "Chess" – 600 mm, RSK: 7115354:

Dimension (mm) / location of outlet	Flow grating (l/s)
DN50 / side	0.8
DN50 / gable	0.9
DN50 (low model) / side	0.6
DN75 / bottom	1.5
DN75 / gable	1.0
DN75 / side	1.0

Intended use

Floor gully intended for wastewater and for installation in wooden or concrete floor constructions with surface of ceramic tiles.

Control

The factory production control (FPC) is monitored by an independent inspection body.

Control plan: Appendix A dated 2025-10-09 to control agreement 351. Inspection body: DTI

When the building proprietor performs inspection at the building site, markings shall be checked to ensure that the correct products have been supplied and that they are used in accordance with the conditions in this type approval and associated documents. Further the product shall be accompanied by a manufacturer's assurance, certifying that the product has been manufactured in accordance with the documents on which this type approval is based.

Manufacturing place

Production control includes the following place:

Vitas Group AB, Södra Dragongatan 15, 271 39 Ystad, Sweden

Marking

The products are to be marked at the factory. The marking consists of a text on every product and packing supplied and includes:

Basis for approval

Reports Etk P908196-B, Etk PX26619-B and Etk 4P05047 from SP.
Reports 732649-1, 780293-1, 823828-1, 869826-1, 949391 and 251425 from DTI.

Comments

The floor gullies are approved according to standard SS-EN1253-1, except for the low-built model. However, it complies with flow requirements for one shower head (0,4 l/s).
The removable water trap needs to be cleaned regularly.

Associated documents shall accompany the product or by other means be available to users of the product.

This type approval supersedes the previous type approval with the same number dated 2020-12-01.

Validity

Valid up to and including 2030-12-15.

The validity of this type approval can be verified at RISE homepage.

The validity of this type approval expires when the type approved products with the intended use according to this type approval shall be CE-marked according to the Construction Products Regulation (EU) 305/2011 or 2024/3110.
