Electrical Performance	EN 301 406, TBR 21, TBR 38

This product is intended for connection to analogue PSTN lines within those European countries that have implemented the R&TTE Directive 1999/05. However, due to differences between the individual PSTN's provided in the different countries, the approval does not, of itself, give an unconditional assurance of successful operation on every PSTN network termination point.

Additional information:

In the event of a mains power failure it will not be possible to dial emergency services numbers.

Copies of this document will be held on file for a period of 10 years after the last production.

This product complies with the European Directive for the Restriction of Hazardous Substances (RoHS) 2002/95/EC
