TITAN | ALL·IN·ONE

from LUCECO

DESIGNED FOR **ULTIMATE FLEXIBILITY**

**The Titan All-in-One Highbay
redefines convenience and performance.**

Ultimate Flexibility

With Wattage Change, Colour Change and Beam Angle Change, all built in Titan All-in-One ensures optimal lighting for any environment.

Durability and Reliability

Engineered to withstand the toughest environments, IP65 & IK08 rated, and backed by a 5-year warranty for peace of mind.

Convenience

The Titan All-in-One Highbay Light, along with 3 accessory SKUs, replaces up to 72 different SKUs, offering ultimate convenience.

Advanced Performance

Sensor-ready design with a Zhaga socket, with for precise light control with 0-10v dimming, and impressive efficacy of up to 170 lumens per watt (Lm/W) for maximum output with minimal energy consumption, ensuring significant energy savings and lower operational costs.

Applications

Warehouses

Racking &
Storage Facilities

Factories &
Workshops

Eye Bolt Hook with Pre-Wired 1m Cable

Ensures quick and hassle-free installation, enhancing convenience and reducing setup time.

Wattage Change (100W, 150W, 200W)

Provides flexibility to adjust power levels to match various application needs, reducing the need for multiple wattage fixtures.

Durable IP65 and IK08 Rated Die-Cast Aluminium Housing

Guarantees long-lasting performance in harsh environments, minimising maintenance and replacement costs.

Colour Change (4000K, 5000K, 6500K)

Offers versatile lighting options to suit different environments and preferences without needing multiple fixtures.

Tool-Free Detachable Buckle

Simplifies installation and maintenance, with simple adjustments, saving time.

Sensor-Ready with Installed Zhaga Socket

For easy Plug and Play integration of sensors for advanced lighting control and energy efficiency, offering smarter and more adaptable lighting solutions.

Beam Angle Change (Patented Adjustable Optic Lens)

Allows easy rotation between wide (90°) and narrow (60°) beam angles, ensuring optimal lighting distribution for any space.

Wattage Change

Seamlessly switch between 100W, 150W, and 200W to suit any application.

Beam Angle Change

Unique to Titan, our innovative rotating beam angle adjustment, allows for quick and precise changes between narrow (60°) and wide (90°) beam angles, ensuring optimal lighting for any environment.

Colour Change

Easily switch between 4000K, 5000K, and 6500K to achieve the desired colour temperature.

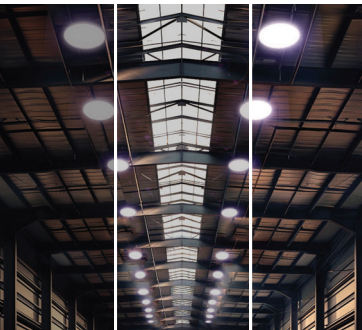

Streamline your inventory and boost efficiency with The Titan All-in-One.

The Titan All-in-One Highbay Light, combined with 3 accessory SKUs, replaces up to 72 different SKUs – dramatically reducing stock holding for stockists and offering contractors unmatched convenience and flexibility for on-site adjustments.

The centrally located Zhaga Socket enables easy Plug and Play integration of PIR or Microwave sensors, delivering advanced lighting control and energy efficiency for smarter, more adaptable lighting solutions.
