

Odyssey II Wildland Firefighting Goggles

These goggles are designed specifically for use in wildland firefighting applications. The TPV material construction is heat resistant to 350°F, and the non-vented style virtually ensures a smoke-free performance.

Key Features and Benefits:

- TPV material construction is heat resistant to 350°F
- Soft body design conforms to your face providing a comfortable yet snug seal
- Exclusive Sta-Clear® coating provides superior anti-fog protection
- Adjustable flame-resistant band provides a comfortable fit
- Non-vented design virtually eliminates smoke from entering the goggle
- Designed to fit over most prescription eyewear
- Provides outstanding optical clarity and exceptional panoramic views
- ANSI Z87.1-2020 High Impact
- CSA Z94.3-2020 Certified
