

Orange Transparent Welding Curtains

Key Features and Benefits:

- Puts light back into the welding area to help increase worker productivity
- Can be used around MIG, TIG, arc, and plasma operations
- Excellent for use in assembly areas
- Prevents sparks and spatter from injuring bystanders
- Durable PVC material resists tearing
- Creates a containment barrier that allows for more efficient fume and vapour extraction
- Curtains are made with grommets for easy hanging or installation on frames
- Made with 14 mil heavy-duty vinyl material
- All curtains meet NFPA 701 requirements for flame resistance
