

CUTTERS

SHD SERIES SHEARS

Top grade Japanese stainless steel for professional applications.

Designed for left or right hand use.

Vacuum heat treated for superior cutting edge and long life.

8" cutters feature wire cutter notch for use on soft wire up to 10 gauge/2.5mm

NEW

Electrician's and Kevlar® Shears

- Hollow ground blades require less cutting effort
- Serrated blades prevent material from being pushed forward, making cutting easier and more accurate
- Fibreglass reinforced nylon handles with Thermoplastic Rubber overmould for superior strength and grip
- Suitable for cutting soft cable, insulation, electrical tape, cable ties, and many other materials

Electrician's Shears
Dedicated wire stripping notch

Kevlar® Shears
Specially selected high carbon alloy steel cuts Kevlar® materials with ease
Cutting edges induction hardened to HV1200
