

2-Ton Folding Engine Crane

Trusted heavy-duty engine cranes designed for easy and efficient removal and transport of vehicle engines, differentials, transmissions, and more.

Key Features and Benefits:

- Designed to raise, lower, and transport engines, differentials, transmissions and other heavy loads with speed and ease
- High-grade steel with heavy-duty welded construction is built to exacting standards for quality and long service life
- Dual-pump pistons increase lifting speed by up to 25% over traditional designs
- Telescopic boom includes 4 positions for a wide range of lifting heights and capacities
- Legs and boom fold up effortlessly for compact storage
- Six 360° metal swivel casters provide effortless travel around the shop floor
- 360° hook adds greater flexibility in positioning lifting chains during removal and installation
- Hydraulic ram is equipped with a safety by-pass mechanism for added operator safety

BOOM EXTENSIONS

POSITION	CAPACITY (TONS)	CAPACITY (LBS)	BOOM LENGTH	MIN HEIGHT	MAX HEIGHT
1	1/2	1,000	54.7"	/	88.2"
2	1	2,000	47.6"	/	82.9"
3	1-1/2	3,000	40.6"	9.4"	77.4"
4	2	4,000	33.5"	15.7"	72.1"
