

48" Tear-Down Table with Drawer — 1100-lb Capacity

SPECIFICATIONS

Model 3994

Weight Capacity: 1100 lbs
(775 lbs top, 225 lbs shelf, 100 lbs drawer)

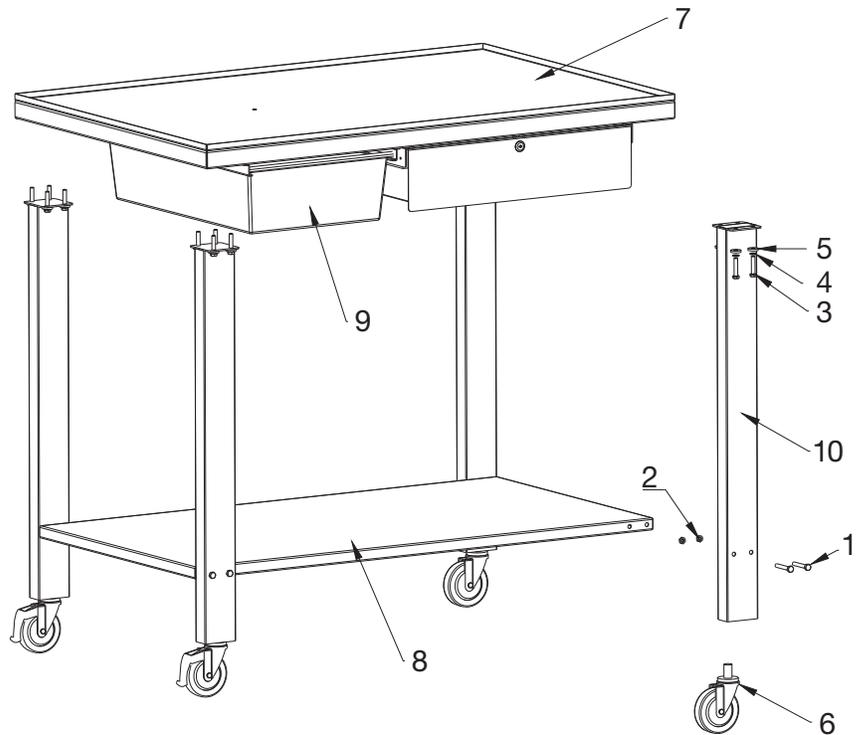

Table Size (L x W x H): 48" x 31.25" x 42.5"

Caster Wheel: 4" diameter

ASSEMBLY & INSTALLATION

1. Place table top (#7) upside down on a smooth surface.
2. Attach the four legs (#10) to table top by bolts (#3), flat washers (#4), and spring washers (#5), then finger tighten.
3. Attach the shelf (#8) to the legs by bolts (#1) and nuts (#2), then finger tighten.
4. Mount caster wheels (#6) to all four legs.
5. Set the table upright, check it is level, then tighten all the hardware with a wrench.
6. Install the plastic fluid drain pan (#9) on the left side of the table top

PARTS BREAKDOWN

WARNING

- Do not climb or stand on this table.
- Use only on a smooth and level surface.
- Always ensure the caster wheels are locked when stationary. Push to move! Serious injury may occur if you pull the table. Keep drawer closed when not in use.
- Keep children away from this table when in use.
