

# Heavy-Duty Workbenches

Rugged and sturdy workbenches made with heavy-gauge steel for a lifetime of use, featuring a generous-sized workspace to keep tools and parts organized and always within reach.

## Key Features and Benefits:

- Heavy-gauge steel construction handles even the heaviest parts and assemblies
- Generously sized workspace has ample room for tools, parts, and components
- Under-bench storage shelf provides extra capacity and maximum versatility
- Adjustable footpads allow easy adjustment to accommodate uneven floor surfaces
- Retaining wall on sides and back keeps parts and accessories from falling off
- Electrostatic powder coating with wrinkle finish provides superior protection from rust, scratches, and chips
- Made with reinforced cross bracing for maximum stability and support
- Large 100 lb-capacity locking drawer provides added storage and security
- Ideal for machine shops, assembly plants, and industrial manufacturing
