MEASURING INSTRUCTIONS
1. Use a Fabric Measuring Tape

Chest: Measure around the chest just under the arms and across the shoulder blades.

Waist: Measure around the natural waistline.

Height: Measure the total height of the worker. You can tape one measuring tape to a wall and have the worker stand up straight against it.

2. Select the Size

After measuring the worker select the size using the tables below. Each of these numbers represents the maximum measurement per size.

Always round up and use the larger of either Chest or Waist.

3. Select the Height

All suits are sold as a Regular size.

Short, Tall and Extra Tall sizes are Custom-Made to Order.

Regular Standard size is 5'6" to 6'.

Worker Body Measurement:

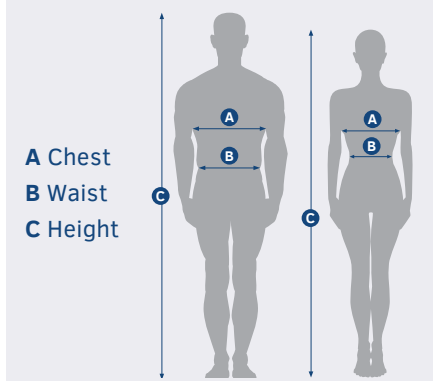

The worker's actual measurements were determined using a fabric measuring tape.

Coveralls Measurements:

Garment dimensions are larger than the user's measurements to allow space for movement.
