

Pioneer Cooling Safety T-Shirts – Powered by 37.5® Technology

These safety shirts are powered by 37.5® Technology to help keep your body at an ideal temperature so you can perform at high levels while withstanding the elements longer and more comfortably.

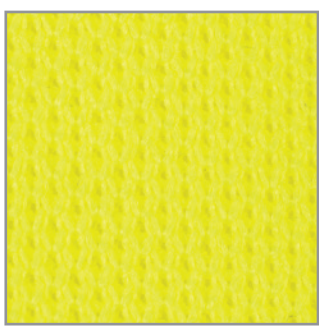

Key Features and Benefits:

- Patented 37.5® Technology helps your body naturally thermoregulate to cool you when you're hot and stay warm when you're cold
- Natural volcanic minerals are permanently embedded in the material to remove heat and moisture before even breaking a sweat
- Temperature-regulating fabric keeps you comfortable for longer while providing unparalleled functionality and performance
- Unique style delivers “climate-controlled” workwear with faster drying times, increased breathability, and superior moisture management
- ANSI/ISEA 107-2020 Class 3, Type R
- Premium StarTech® reflective tape provides unsurpassed visibility even in low-lit working conditions
- Stylish, ribbed crew neck design
- 6804U – chest pocket on the left-hand side and ribbed cuffs
