Safety Data Sheet acc. to OSHA HCS

Printing date 03/15/2018

Reviewed on 03/14/2018

1 Identification of the Substance/Mixture and of the Company/Undertaking

- · Product identifier
- · Trade name: IP Compliant Cartridge for Lexmark® MS/MX811 (45K)
- Article number: LCMSMX811-45K
- · Application of the substance / the mixture Printing inks
- · Details of the supplier of the safety data sheet
- · Manufacturer/Supplier: Static Control Components Inc. P.O. Box 152 Sanford, North Carolina, 27331 info@scc-inc.com
- · Information department: Product Safety Department
- · Emergency telephone number: During Normal Operating Hours: 919-774-3808 Emergency Telephone Number: 1-919-770-7984 or 1-919-770-6019

2 Hazards Identification

· Classification of the substance or mixture

Combustible Dust May form combustible dust concentrations in air.

- · Label elements
- · GHS label elements
- None required

The product is classified and labeled according to the Globally Harmonized System (GHS).

- · Hazard pictograms None required
- · Signal word
- None required Warning
- · Hazard statements
- None required

May form combustible dust concentrations in air.

- · Classification system:
- · NFPA ratings (scale 0 4)

Health = 1Fire = 1Reactivity = 0

· HMIS-ratings (scale 0 - 4)

HEALTH 1 Health = 1FIRE 1 Fire = 1**REACTIVITY** Reactivity = 0

- · Other hazards
- · Results of PBT and vPvB assessment
- **PBT:** Not applicable.

· vPvB: Not applicable.

3 Composition/Information on Ingredients

- · Chemical characterization: Mixtures
- \cdot **Description:** Resin mixture

· Dangerous components:

1333-86-4 Carbon b

13463-67-7 titanium dioxide (bound)

· Non-hazardous components

Mixture

Charge Control Agent

4 First Aid Measures

- \cdot Description of first aid measures
- · General information: No special measures required.
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact:

Immediately wash with water and soap and rinse thoroughly.

Generally the product does not irritate the skin.

- After eye contact: Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- After swallowing: Drink copious amounts of water and provide fresh air. Immediately call a doctor.
- · Information for doctor:
- · Most important symptoms and effects, both acute and delayed No further relevant information available.
- · Indication of any immediate medical attention and special treatment needed
- No further relevant information available.

5 Firefighting Measures

- · Extinguishing media
- · Suitable extinguishing agents:
- CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- · For safety reasons unsuitable extinguishing agents: No Information Available
- · Special hazards arising from the substance or mixture
- Like most finely divided organic powders, toner dust may form an explosive mixture in air.
- · Advice for firefighters
- · Protective equipment: Wear self-contained respiratory protective device.

6 Accidental Release Measures

 \cdot Personal precautions, protective equipment and emergency procedures

Wear protective equipment. Keep unprotected persons away.

· Environmental precautions: Do not allow to enter sewers/ surface or ground water.

· Methods and material for containment and cleaning up:

Vacuum or sweep the material into a sealed container. If a vacuum is used it must be dust explosion-proof. Dispose of in compliance with national, state, regional or provincial regulations.

· Reference to other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

7 Handling and Storage

· Handling:

· Precautions for safe handling

No special measures required.

Store in cool, dry place in tightly closed receptacles.

Keep away from heat and direct sunlight.

No special precautions are necessary if used correctly.

Use only in well ventilated areas.

· Information about protection against explosions and fires: Keep ignition sources away - Do not smoke.

- · Conditions for safe storage, including any incompatibilities
- · Storage:
- **Requirements to be met by storerooms and receptacles:** Store in a cool location.

Store only in the original receptacle.

• Information about storage in one common storage facility:

Do not store together with oxidizing and acidic materials as well as heavy-metal compounds.

• Further information about storage conditions:

Store in cool, dry conditions in well sealed receptacles.

Protect from heat and direct sunlight.

Protect from humidity and water.

• Specific end use(s) No further relevant information available.

8 Exposure Controls/Personal Protection

• Additional information about design of technical systems: No further data; see item 7.

· Control parameters

· Components with limit values that require monitoring at the workplace:		
1333-86-4 Carbon black (bound)

10 Stability and Reactivity

- · Reactivity Non reactive.
- · Chemical stability
- Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.
- · Possibility of hazardous reactions No dangerous reactions known.
- · Conditions to avoid No further relevant information available.
- Incompatible materials: No further relevant information available.
- · Hazardous decomposition products: No dangerous decomposition products known.

11 Toxicological Information

- · Information on toxicological effects
- · Acute toxicity:
- · Primary irritant effect:

• on the skin: No toxic irritating effect, according to Directive 67/548/EEC or Directive 199/45/EC.

- on the eye: No toxic irritating effect, according to Directive 67/548/EEC or Directive 199/45/EC.
- Sensitization: No toxic sensitizing effects known, according to EU Directive 67/548/EEC or Directive 199/45/EC.
- · Other information (about experimental toxicology):

Mutagenicity : Ames test Negative (According to the test result of similar composition.)

· Additional toxicological information:

The product is not subject to classification according to internally approved calculation methods for preparations: When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us.

· Carcinogenic categories

· IARC (International Agency for Research on Cancer)

1333-86-4 Carbon black (bound)

13463-67-7 titanium dioxide (bound)

· NTP (National Toxicology Program)

None of the ingredients is listed.

· OSHA-Ca (Occupational Safety & Health Administration)

None of the ingredients is listed.

12 Ecological Information

- · Toxicity
- · Aquatic toxicity: No further relevant information available.
- · Persistence and degradability No further relevant information available.
- · Behavior in environmental systems:
- · Bioaccumulative potential No further relevant information available.
- · Mobility in soil No further relevant information available.
- · Additional ecological information:
- · General notes:
- Water hazard class 1 (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

- · Results of PBT and vPvB assessment
- **PBT:** Not applicable.
- **vPvB**: Not applicable.
- · Other adverse effects No further relevant information available.

13 Disposal Considerations

- · Waste treatment methods
- **Recommendation:** Smaller quantities can be disposed of with household waste.
- · Uncleaned packagings:
- · Recommendation: Disposal must be made according to official regulations.
