Aqua All-Primer BIOseries

High-quality, universal, water-dilutable adhesion primer on the basis of a biobased acrylate technology. For interior and exterior use.

Exterior
Interior

Ralston Aqua All-Primer BIOseries

- Excellent adhesion
- Suitable in combination with all paint systems
- 20-40% Biobased
- Excellent body
- Low solvent content

Intended Use

As a primary coat resp. an adherent primer for wood, aluminium, stony surfaces, synthetics (hard pvc) and sendzimir galvanized steel. Can be applied over the existing traditional paintwork after first thoroughly cleaning and sanding the surface.

Ralston Aqua All-Primer BIOseries
