

## 18 MM LAMINATED WORK TOP FOR 53" ROLLER CABINET

- Robust 18 mm thick laminated MDF construction
- Provides a stable and durable work surface for tasks in professional environments
- Enhances functionality and space efficiency of tool storage units
- Resistant to wear and tear, suitable for demanding work environments
- Grey color that perfectly complements TengTools tool storage units for a unified workspace setup

The TengTools 53" tool storage accessory work top TC-TB06 is tool storage accessory that augments the functionality of professional tool storage units. This work top is crafted from hard-wearing laminated MDF, ensuring a surface suitable for professional use in demanding environments. With an 18 mm thickness, the work top provides a robust and stable platform that withstands the wear and tear associated with heavy tools and components. The grey colour offers a sleek appearance, seamlessly integrating with a range of tool storage systems. It is available in four distinct sizes, 26", 53", and 67" cabinets, as well as a version specifically designed for side cabinets. This ensures that users can select a work top that perfectly fits their existing tool storage units, maximizing space efficiency and enhancing the overall utility of their work environment.
