

26" PRO35™ ROLLER CABINET TOOL KIT 628 PIECES RED

TT
SERIES

- TengTools 26" roller cabinet tool kit with 628 pieces, ideal for industrial applications
- Each of the seven drawers offers 30 kg capacity, complemented by 3-step ball bearing slides and EVA drawer mats
- 3-piece heavy gauge steel cabinet frame
- Treated with a phosphate free 5-step rust prevention process and powder coat finish for durability
- 5" castors and a comfort grip handle ensures effortless maneuverability
- TengTools Tool Control system provides tools that are both well-organized and easily accessible

The TengTools 26" PRO35™ roller cabinet, finished in a striking matte red, is a versatile and robust tool kit designed to meet the diverse needs of industry professionals. With a capacity of 628 pieces, it's well-suited for various industrial applications. The tool kit comprises an extensive selection of tools essential for industrial use, such as 1/4, 3/8, and 1/2 drive 12-point sockets, bit sockets, ratchets, impact sockets, combination spanners, screwdrivers, bits, T-handle hex & tx keys, pliers, files, pullers, scrapers, and general tools. These are meticulously arranged in dedicated modules as part of the TengTools tool control system, which promotes an organized workspace and helps in quickly identifying missing tools. The roller cabinet TSW26R7 measures 680 mm in width, 460 mm in depth, and 813 mm in height, which extends to 960 mm with castors. This size is perfect for a range of industrial settings, offering a balance between compact design and spacious storage. With its 3-piece heavy gauge steel frame construction the roller cabinet is built for durability in professional environments, which is further enhanced by a 5-step phosphate-free rust prevention process applied to add corrosion resistance. It features seven drawers, five drawers with a height of 75 mm and two larger drawers at 154 mm, each capable of supporting up to 40 kg. This configuration allows for a wide range of tools to be stored securely and stably. Each drawer is fitted with 3-step ball bearing slides for smooth operation and easy access and lined with EVA mats to protect tools and reduce noise. The cabinet's top area features a 5 mm EVA mat, providing a comfortable work surface. Mobility is a breeze with two 5" braked swivel castors and two 5" fixed castors, along with a comfort grip handle for easy movement. Security is enhanced with a 3-digit combination lock, and additional features like accessory holes on both sides and a paper holder increase the cabinet's utility.
