

## 26" PRO35™ ROLLER CABINET 6 DRAWERS RED

- Six drawers with 30-40 kg capacity, compatible with TengTools tool control system for organized tool storage
- Drawers feature 3-step ball bearing slides and EVA mats for smooth operation
- 5mm EVA top mat provides a durable work surface
- Equipped with a 3-digit combination lock for secure storage
- 3-piece heavy gauge steel cabinet frame
- Treated with a phosphate free 5-step rust prevention process and powder coat finish

The TengTools 26" PRO35™ roller cabinet TSW26R6 with 6 drawers is a premium solution for mobile tool storage tailored for professional use. Measuring 680 mm in width, 460 mm in depth, and 813 mm in height (960 mm with castors), this roller cabinet is engineered to provide ample storage while maintaining a manageable footprint in various workspaces. This roller cabinet features six robust drawers: five with a height of 75 mm and one larger drawer with a height of 312 mm. Each drawer is designed to hold any combination of TengTools modules with dimensions aligning with four TC1 modules plus a TCX4 module, thus allowing for a highly organized and efficient tool arrangement. The drawer capacity is 40 kg for each drawer, ensuring it can accommodate a wide range of tools and equipment. Enhancing its functionality, each drawer is fitted with 3-step ball bearing slides, providing smooth and reliable operation. The drawers are also equipped with EVA mats which protect tools, reduce noise, and maintain organization during movement. The top area of the cabinet features a 5 mm EVA top mat that makes for a stable and resilient work surface. Additionally, the cabinet is equipped with accessory holes on both sides enabling further customization to meet specific professional needs. For ease of movement and stability, the cabinet includes heavy-duty castors - two 5" braked swivel castors and two 5" fixed castors. A comfort grip handle on the side assists in maneuvering the cabinet around the workspace. Security is addressed with a 3-digit combination lock, providing peace of mind by safeguarding the contents. With its 3-piece heavy gauge steel cabinet frame and 5-step phosphate-free rust prevention process, this cabinet is built for durability.
