

53" PRO35™ ROLLER CABINET TOOL KIT 615 PIECES RED

TT
 SERIES

- A 615-piece 53" PRO35™ roller cabinet tool kit, featuring an 18 mm laminated MDF worktop, for industry professionals
- Nine drawers of various sizes that have 3-step ball bearing slides and EVA mats for tool protection
- 3-piece heavy gauge steel cabinet frame
- Treated with a phosphate free 5-step rust prevention process and powder coat finish
- Equipped with 6" heavy-duty swivel castors
- Includes a wide range of tools for industrial work, organized in dedicated modules as part of the TengTools Tool Control system

The TengTools 53" PRO35™ roller cabinet tool kit TKW53R615T in matte red is crafted to fulfill the needs of industry professionals. This 615-piece tool kit is a fusion of capacity and durability, making it an asset in any industrial environment. The core component of the tool kit is the TSW53R9 roller cabinet, which measures 1350 mm in width, 460 mm in depth, and 813 mm in height, extending to 983 mm with castors. This size is particularly suitable for a range of industrial settings. It features nine drawers, providing ample storage space. It includes six drawers each 75 mm high, two drawers at 154 mm, and a larger top drawer at 160 mm for bigger items. Each drawer can support up to 40 kg. The tool kit is equipped with a diverse array of tools essential for industrial work, including 1/4, 3/8, 1/2, and 3/4 drive sockets, bit sockets, ratchets, impact tools, combination spanners, screwdrivers, bits, T-handle hex & tx keys, pliers, inch spanners, inch sockets, pullers, and other general tools. These tools are meticulously organized in dedicated modules as part of the TengTools tool control system, ensuring an orderly workspace and facilitating the quick identification of any missing or left-behind tools. The 3-piece heavy gauge steel frame construction of the cabinet guarantees its ability to withstand the rigors of industrial use. It is further reinforced with a 5-step phosphate-free rust prevention process. Each drawer is fitted with 3-step ball bearing slides and lined with an EVA mat to protect the tools and reduce noise. Mobility is provided by four 6" heavy-duty swivel castors, two of which are braked, ensuring both easy movement and stability. Security is heightened with a 3-digit combination lock. The cabinet's design includes holes on both sides for attaching accessories, enhancing its utility. The roller cabinet features an 18 mm laminated MDF worktop that provides a durable and practical surface for various tasks. It also comes with a convenient paper holder (TCA08).
