

37" PRO35™ TOOL CHEST 5 DRAWERS RED

- Five drawers, 50 mm or 75 mm in height with 30 kg capacity, featuring 3-step ball bearing slides
- EVA mats in each drawer minimize tool movement and noise
- Powder coated heavy gauge steel construction enhanced by a 5-step phosphate-free rust prevention process and a powder coat finish
- Recessed side handles, rubber feet and secured with a 3-digit combination lock for tool safety
- Compatible with TengTools tool control system for organized tool storage

The TengTools 37" PRO35™ tool chest TST37R5F with a matte red finish is a tool storage unit for professionals who prioritize efficiency and value an organized workspace. Its dimensions, 945 mm in width, 455 mm in depth, and 483 mm in height, make it well suited for diverse professional environments requiring flexible and mobile tool storage. The tool chest includes five drawers: two with a height of 50 mm and three with a height of 75 mm. Each drawer has a capacity of 25 kg and operates on 3-step ball bearing slides for an improved user experience and efficient tool retrieval. Additionally, all drawers are lined with protective EVA mats, which help keep tools in place and reduce noise during movement or usage. These drawers are designed to hold any combination of TengTools modules that match the same overall dimensions as six TengTools TC1 modules complemented by a TCX4 module and a TCX2 module. The tool chest is compatible with the TengTools tool control system which extends its functionality, allowing for a bespoke and streamlined tool arrangement. A key characteristic of this unit is the drop front featuring the TengTools logo, which helps secure the contents when closed and adds a unique touch to the overall design. Manufactured from heavy gauge top-quality steel, the tool storage is constructed to endure the challenges of a professional workspace. It features a 5-step phosphate-free rust prevention process ensuring both durability and a lasting pristine appearance. Additional features of this tool chest include a 3-digit combination lock for enhanced security, recessed side handles for easy mobility, and aluminium handles on each drawer.
