

## 26" PRO35™ MEGA MASTER TOOL KIT, 1033 PIECES, RED

- 26" PRO35™ 16-drawer Mega Master general tool kit, with 3-step ball bearing drawer slides featuring 30 kg load capacity per drawer, containing 1040 pieces
- Three stacked powder coated heavy gauge steel units treated with a 5-step phosphate-free rust prevention process
- Key features include 5" heavy duty castors, EVA drawer mats, and a 3-digit combination lock on each unit
- Comprehensive tool kit compilation with diverse sockets, spanners, screwdrivers, pliers, and specialized tools for a range of mechanical tasks
- Utilizes the modular TengTools tool control system for efficient tool organization and quick identification of missing items

The TengTools 26" PRO35™ Mega Master tool kit TKS26R1033T in matte red finish is a comprehensive and versatile 1033-piece collection compiled for professionals in industrial and mechanical fields. This 16-drawer mobile tool stack system is built for durability and a great asset in environments where tasks include maintenance and complex assembly. Within this tool kit are three storage units: a 9-drawer roller cabinet, a 3-drawer middle tool chest and a 4-drawer top tool chest. Each unit is constructed from high-quality heavy gauge steel and features between 30 to 40 kg capacity drawers with 3-step ball bearing drawer slides. Protective EVA drawer mats help reduce noise and minimize wear to both drawers and tool sets. The roller cabinet is equipped with 5" heavy duty castors, two braked swivel castors and two fixed, offering both mobility and secure positioning. A 3-digit combination locks on each unit adds a layer of security for secure tool storage. A 5-step phosphate-free rust prevention process is applied to each of the units. The dimensions are 680 mm in width, 460 mm in depth and a total height of 1570 mm with castors mounted. Central to this Mega Master tool kit is the TengTools tool control system, which brings organization and efficiency to tool management. Each toolset within this comprehensive collection is methodically placed in a dedicated module. This systematic arrangement facilitates a flexible and dynamic tool kit configuration, while also making it easier to notice if any tool is missing or has been inadvertently left behind at a project site. The tool kit includes a variety of drive sockets – 1/4, 3/8, 1/2, and 3/4 inches, bit sockets, and ratchets, catering to different sizes and types of fasteners. The kit is further enriched with impact tools, combination spanners, screwdrivers, and an assortment of bits, T-handle hex & tx keys, pliers, power grips, and files add versatility to the kit. Pry bars, torque wrenches, taps, dies, and inspection tools are included for more specialized applications. Furthermore, the tool kit contains imperial spanners & sockets, along with a range of general tools, thereby covering most everyday aspects of mechanical and industrial tool needs. Two 32 piece clip rail sets, a paper holder, and fixing brackets to securely attach the tool chest to the cabinet are included.
