

37" PRO35™ ROLLER CABINET TOOL KIT 663 PIECES RED

TT
SERIES

- Roller cabinet tool kit with 663 pieces for comprehensive automotive tasks
- 3-piece heavy gauge steel cabinet frame
- Treated with a phosphate free 5-step rust prevention process and powder coat finish for durability
- Features 5" heavy-duty castors, two braked swivel castors and two fixed, for mobility
- 7 drawers, all with 3-step ball bearing slides
- TengTools Tool Control system for organized and easily accessible tools

The TengTools 37" PRO35™ 663-piece tool kit TKW37R663T finished in an elegant matte red finish. This tool kit is an asset for automotive professionals, offering a high-quality versatile tool storage and an extensive selection of tools to cover a broad spectrum of automotive tasks. The tool kit comprises an array of essential tools for automotive work: 1/4, 3/8, and 1/2 inch drive sockets, bit sockets, ratchets, impact tools, combination spanners, screwdrivers, bits, T-handle hex & tx keys, pliers, torque wrenches, pullers, taps & dies, inch spanners & sockets, and various general tools. Six of the seven drawers are utilized, offering ample space for additional tools as needed. The TengTools tool control system provides a methodically organized and flexible arrangement that aids in the quick identification of missing or misplaced tools. This tool kit is housed in the TengTools 37" PRO35™ roller cabinet model TSW37R7, which boasts dimensions of 964 mm in width, 460 mm in depth, and 813 mm in height (985 mm with castors). The roller cabinet features seven drawers - five with a height of 75 mm for standard tools and two larger drawers at 154 mm, suitable for heavier pieces. The load capacity of the drawers varies with the first five accommodating up to 25 kg each, and the larger drawers capable of holding 40 kg each. Each drawer is fitted with 3-step ball bearing slides and lined with EVA mats, ensuring quiet and smooth operation. Further enhancing this tool kit is an 18 mm laminated MDF work top, providing a durable and practical work surface. The roller cabinet is equipped with accessory holes on both sides for added customization and practicality in tool arrangement. Mobility is facilitated by 2" wide heavy-duty castors, including two 5" braked swivel and two 5" fixed castors, ensuring easy maneuverability and stable positioning. A comfort grip handle on the side of the roller cabinet aids in mobility. With a 3-piece heavy gauge steel cabinet frame, and 5-step phosphate-free rust prevention process to enhance its corrosion resistance and longevity, the roller cabinet is built for durability.
