

37" PRO35™ ROLLER CABINET 8 DRAWERS BLACK

- 37" roller cabinet comprising 8 drawers with capacity for diverse tool sizes
- 3-step ball bearing slides with EVA mats for smooth, quiet drawer operation
- 3-piece heavy gauge steel cabinet frame
- Treated with a phosphate free 5-step rust prevention process and powder coat finish for corrosion resistance
- Heavy-duty castors and comfort grip handle for easy mobility and stability
- Compatible with the modular TengTools tool control system

The TengTools 37" PRO35™ roller cabinet TSW37B8 in matte black stands as a practical solution for mobile tool storage specifically crafted for professional environments. This roller cabinet, measuring 964 mm in width, 460 mm in depth, and 813 mm in height (985 mm with castors), offers a substantial storage capacity with its 8-drawer configuration. The cabinet consists of seven drawers 75 mm in height, and one taller drawer at 154 mm in height to accommodate larger tools and equipment. Each drawer is designed to hold any combination of TengTools modules dimensionally equivalent to six TC1 modules, supplemented by one TCX4 module and a TCX2 module. This compatibility with the TengTools tool control system allows for a customized and efficient organization of tools. The first seven drawers are capable of holding up to 25 kg each while the taller eighth drawer, designed for heavier items, can support up to 40 kg. All drawers are 380 mm deep and 860 mm wide, providing ample space for a diverse array of tools. Additionally, each drawer is equipped with 3-step ball bearing slides and an EVA mat for a noise-reduced operation that does not add unnecessary wear to the tools or drawers. With a 3-piece heavy gauge steel frame the cabinet is built for durability and designed to endure professional use. It is further treated with a 5-step phosphate-free rust prevention process to offer enhanced corrosion resistance. The cabinet is complemented by a 5 mm EVA top mat that provides a resilient work surface. For mobility, the cabinet features 2" wide heavy-duty castors - two 5" braked swivel castors and two 5" fixed castors, ensuring ease of movement and stable positioning. A comfort grip handle on the side of the cabinet aids in maneuverability. The cabinet also boasts accessory holes on both sides, allowing for additional customization. A layer of security is offered with an included 3-digit combination lock to ensure the safety of stored tools.
