

## STAINLESS STEEL WORK TOP FOR 26" TOOL CHESTS

- 20 mm thick with a durable 430 grade stainless steel surface
- Medium density fibreboard core balances durability with manageable weight
- Steel surface covers top and sides for easy maintenance
- Designed to fit snugly on compatible roller cabinets
- Enhances utility without compromising space

The TengTools stainless steel work top TC-TBS02 is an accessory tailored for 26" roller cabinets. The 20 mm thick worktop offers a sturdy and reliable surface for a variety of tasks. The top combines a 430 grade stainless steel surface with a medium density fibreboard core, ensuring both durability and a manageable weight. The steel surface extends over the top and all sides, providing a cohesive and protective covering that is easy to clean and maintain. Measuring 665 mm in width, 454 mm in depth, and 20 mm in height, it fits neatly onto compatible 26" roller cabinets and maximizes utility without compromising space.
