

TRIM & PANEL FASTENER CLIP REMOVAL SET FOAM1 4 PCS

This TengTools 4-piece trim and panel remover set is designed for the careful removal of fastener clips on both internal and external panels and trim pieces. Each tool features a unique pivot point on its blade tip, calculated for precise leverage to avoid twisting that could harm the panel or trim. With a design compatible with most standard clips and the ability to manoeuvre in tight spaces, this set is a versatile asset. Ergonomic bi-material handles with tethering holes enhance user comfort and safety. The entire set is neatly organized in a foam inlay module size 1 (FOAM1), allowing easy integration into your current toolbox.

- Dual application design for interior and exterior clips offers greater utility in a single set.
- Calculated pivot points on blade tips facilitate safe removal of fasteners, safeguarding the integrity of the panel or trim.
- Designed for broad compatibility, the set works effectively with most commonly used fastener clips.
- Ergonomic bi-material handles improve grip and reduce fatigue during extended use.
- Organised in a foam inlay module size 1 (FOAM1), enabling simple organization and storage within your existing tool setup.
