

26" PRO35™ TOOL CHEST 4 DRAWERS RED

- Four drawers, each with an EVA mat and 3-step ball bearing slides for an enhanced user experience
- Made from top-quality heavy gauge steel, built for durability
- Treated with a 5-step phosphate-free rust prevention process and a powder coat finish
- Recessed side handles and rubber feet for stability and ease of mobility
- Equipped with a 3-digit combination lock for secure tool storage

The TengTools 26" PRO35™ tool chest TST26R4 in a vibrant matte red, is a tool storage solution crafted for professionals who prioritize both functionality and style. Its well-proportioned dimensions, 660 mm wide, 305 mm deep, and 380 mm high, ensure ample storage while maintaining a compact footprint. This tool chest features a distinctive drop front complete with the TengTools logo, providing secure cover for the drawers when the box is closed. It houses four drawers – three with a 50 mm height and one with a more substantial 75 mm height. Each drawer, measuring 569 mm in width and 275 mm in depth, is suited to hold four TengTools TC1 modules. This makes it an ideal match for the TengTools tool control system TT Series and FOAM Series, where the latter use high-density EVA in three layers for enhanced tool protection. Crafted from heavy gauge, top-quality steel, the TST26R4 is built to endure the daily demands of professional use. Each drawer is equipped with 3-step ball bearing slides, ensuring smooth operation and easy access to tools. To minimize tool movement and noise while maximizing protection during usage and transport, every drawer comes equipped with a fitted EVA mat. The durability of the unit is further enhanced by a 5-step phosphate-free rust prevention process preserving both its functionality and appearance over time. For ease of movement and stability, the tool chest is fitted with recessed side handles and rubber feet. These features not only make it easy to reposition the box within the workspace but also protect the surface beneath. Security is a key consideration, with a 3-digit combination lock providing peace of mind by safeguarding the contents.
