

53" PRO35™ TOOL CHEST 10 DRAWERS RED

- Expansive 53" (1337mm) width for ample storage compatible with TengTools tool control system modules for custom organization in professional settings
- Ten 30kg capacity 75mm high drawers with 3-step ball bearing slides for smooth operation
- Drawers lined with EVA mats to minimize tool noise and damage
- Constructed from heavy gauge steel enhanced by a 5-step phosphate-free rust prevention process and a powder coat finish
- Features a 3-digit combination lock, recessed handles, and rubber feet for security and ease of use

The TengTools 53" PRO35™ tool chest TST53R10F in matte red is a robust tool chest in the TengTools mobile tool storage collection. With a substantial width of 1337 mm, a depth of 455 mm, and a height of 560 mm, the top tool chest offers ample space and is designed to meet the demands of professional environments. This unit is equipped with ten drawers, each 75 mm in height, providing extensive storage capacity. The tool chest is fully compatible with the flexible TengTools tool control system which facilitates the creation of a customized and efficient tool kit, organized to the professional's specific requirements. The drawers are tailored to accommodate four TengTools TC1 modules plus a TengTools TCX4 module in each drawer, or any other combination of TengTools modules that match the same overall dimensions. Each drawer features 3-step ball bearing slides and has a notable capacity of 40 kg, tailored to handle a variety of tools and equipment. The drawers are also furnished with EVA mats, which secures the tools, minimizing noise and potential damage during transport or operation. Constructed from heavy gauge top-quality steel, its resilience is further reinforced with a powder coating as well as a 5-step phosphate-free rust prevention process ensuring the unit withstands the challenging conditions of a professional workspace. Additional attributes include a 3-digit combination lock for enhanced security, recessed side handles for ease of mobility, and rubber feet to ensure stability and prevent sliding.
