

## 37" PRO35™ ROLLER CABINET FOAM TOOL KIT 521 PIECES RED

- A 521-piece tool kit organized in high-density EVA foam modules with essential tools curated for heavy-duty vehicle mechanics
- Housed in a 7-drawer 37" 3-piece heavy gauge steel frame roller cabinet
- Treated with a phosphate free 5-step rust prevention process and powder coat finish
- The drawers features 3-step ball bearing slides and are lined with EVA mats for quiet and smooth operation
- Equipped with 2" wide, 5" tall heavy-duty castors and a comfort grip handle for mobility
- Features TengTools Tool Control system

The TengTools 37" PRO35™ roller cabinet tool kit TKW37R521F in a matte red finish is a robust 521-piece set compiled to cater to the needs of heavy-duty vehicle mechanics. The tool kit's dimensions are 964 mm wide, 460 mm deep, and 813 mm high, extending to 985 mm with castors. This design ensures ample space to accommodate a diverse range of tools while maintaining a manageable footprint in the workspace. The roller cabinet features a 3-piece heavy gauge steel frame construction, and has been subjected to 5-step phosphate-free rust prevention process to ensure enhanced durability and corrosion resistance. It also offers accessory holes on both sides for customization and includes 2" wide heavy-duty castors for mobility, featuring two 5" braked swivel and two 5" fixed castors. A comfort grip handle on the side aids in easy maneuvering in any workshop layout. The roller cabinet features seven drawers, with five measuring 75 mm in height for standard tools and two larger drawers at 154 mm for bulkier items. The first five drawers can each support up to 25 kg, while the larger drawers have a capacity of 40 kg. This tool kit is equipped with an array of tools essential for heavy-duty vehicle maintenance, including various drive sockets, bit sockets, ratchets, impact tools, spanners, screwdrivers, T-handle hex & tx keys, pliers, power grips, and chisels. The tools are neatly organized in precision cut three-colour high-density EVA foam trays, which provides both clear visibility as well as efficient access to prevent misplacement or loss. Each drawer in the roller cabinet is fitted with 3-step ball bearing slides and lined with EVA mats for quiet and smooth operation. The top work surface of the cabinet features a durable 5 mm EVA mat that makes for a versatile tool placement area storage suitable for professional automotive settings. The tool kit comes with five TEZ01 EVA foam storage modules, each with three compartments, for organizing small items. A practical paper roll holder is also included.
