

15" PRO35™ SIDE CABINET 1 DRAWER RED

- Single drawer with smooth 3-step ball bearing slides
- Durable 3-piece heavy gauge steel cabinet frame
- Treated with a phosphate free 5-step rust prevention process and powder coat finish
- Compact design enhances storage without taking up excess space
- EVA mat lining reduces noise and protects contents
- Lockable with a 3-digit combination for secure storage

The TengTools 15" PRO35™ side cabinet TSC15R1 is a complement to TengTools cabinets that offers additional storage space in a compact and efficient design. Weighing 29 kg, with dimensions of 382 mm x 460 mm x 795 mm (WxDxH) the cabinet is characterized by its durable 3-piece heavy gauge steel frame construction designed to be both efficient and space-saving while offering a long service life. It is treated with a 5-step phosphate-free rust prevention process, safeguarding the cabinet from corrosion and wear. The matte red finish provides a striking appearance, enhancing the visual appeal of the workshop or garage environment. The single drawer operates on 3-step ball bearing slides, offering smooth access and is lined with EVA mats, which not only protect the contents but also reduce noise. Compatible with the TengTools tool control system, the easy-to-assemble side cabinet ensures optimal organization and accessibility of tools. It is fully lockable, featuring a 3-digit combination lock for enhanced security to ensure that tools and equipment are safely stored. A TCW-SP01 side plate is necessary for mounting to cabinets with a back panel to ensure a stable and integrated setup.
