

64" PRO35™ ROLLER CABINET 15 DRAWERS RED

- Roller cabinet with 15 drawers, each accommodating weights up to 40kg
- 3-step ball bearing slides and EVA mats in every drawer for smooth operation and tool protection
- Heavy-duty 6" castors, two braked swivel castors and two fixed for easy movement and stable placement
- Robust 3-piece heavy gauge steel cabinet frame
- Treated with a phosphate free 5-step rust prevention process and powder coat finish
- Compatible with TengTools tool control system for customizable tool organization

The TengTools 64" PRO35™ roller cabinet TSW64R15 in a matte red finish is a robust and comprehensive mobile tool storage solution designed for professionals. With dimensions of 1633 mm in width, 460 mm in depth, 974 mm in height (1163 mm in height with castors mounted), it offers ample space and is engineered to facilitate organization and efficiency in demanding work environments. It features 15 drawers measuring 380 mm in depth that come in different heights and widths, including twelve 75 mm, one 312 mm, and two 154 mm tall drawers. The width of the drawers are 26" (575 mm) and 37" (860 mm) to accommodate a broad range of tools. Each drawer can handle weights from 25 kg to 40 kg, ensuring heavy tools are stored safely and diverse storage needs are met. The cabinet's compatibility with the TengTools tool control system allows for customized tool arrangements. The 26" drawers can hold combinations equivalent to four TC1 modules plus a TTX4 module, while the 37" drawers can accommodate combinations equivalent to six TC1 modules along with one TCX4 module and a TCX2 module. All drawers feature 3-step ball bearing slides for smooth operation and are lined with EVA mats to protect tools, drawers and to reduce noise. The heavy-duty castors, comprising two 6" braked swivel castors and two 6" fixed castors, ensure easy mobility and stable positioning. For security, the cabinet is equipped with a 3-digit combination lock. The cabinet features a 3-piece heavy gauge steel frame construction and is finished with a 5-step phosphate-free rust prevention process ensuring durability and longevity. A strategically placed handle with a comfort grip on the side of the cabinet improves control and ease of movement, and holes for accessories on both sides add to its versatility. The cabinet is completed with a laminated MDF top plate, creating a hard-wearing work surface suitable for various tasks.
