

PEAK LED FOG LAMPS

DESCRIPTION

PEAK® LED Fog lamps are a direct fit replacement for original equipment fog lamps and provide up to 2,800 lumens of bright white 6500°K light *(depending on bulb type)*. The lamps are packaged in pairs and come complete with an inline control module that delivers steady power to the LEDs for consistent brightness, while also protecting against overheating. Our top 6 capsule sizes cover more than 80% of capsule sales.

FEATURES & BENEFITS

- Bright White 6500°K color temp
- Long Lasting 6,000 life hours
- 10 Year Warranty*
- Fan Cooled Efficiency
- For Fog or Off-Road Use Only
- Sold as a 2 pack
