

FINAL

CHARGE[®]

GLOBAL

EXTENDED LIFE COOLANT/ANTIFREEZE INHIBITOR LEVEL TEST STRIPS

Part# FXATK4
Bottle of 25 Test Strips
(6 Bottles per Case)

DESCRIPTION:

The organic acid inhibitors in Final Charge Global Extended Life Coolant/Antifreeze are guaranteed to last 1,000,000 miles when properly maintained. However, sometimes maintenance practices may be compromised, leaving you with uncertainty of the performance of the coolant. Measuring the inhibitor level in your coolant is vital to insure that your engine is protected against wet sleeve liner cavitation and corrosion.

BENEFITS:

Final Charge Global Extended Life Coolant/Antifreeze Inhibitor Level Test Strips, provide a quick easy way to test the OAT inhibitor level in your Final Charge Global Extended Life Coolant/Antifreeze. Simply dip the test strip in a coolant sample, wait a few seconds and match the test strip color pad to the chart on the bottle. It's that easy!

Plus, Final Charge Global Extended Life Coolant/ Antifreeze's inhibitor package is so robust, you may only need to test your coolant once or twice a year, saving you even more time and money.

While Final Charge Global Extended Life Coolant/Antifreeze Inhibitor Level Test Strips are designed to test the inhibitor levels of Final Charge Global Extended Life Coolant /Antifreeze (red color), it can be used to measure the inhibitor level in these other Nitrite-Free OAT Coolants: Mobil Delvac Extended Life Coolant / Antifreeze, Detroit Power Cool Plus Extended Life Coolant/Antifreeze, Alliance OAT Nitrite-Free Extended Life Coolant / Antifreeze, Castrol Heavy Duty Extended Life Coolant /Antifreeze.

FINAL CHARGE GLOBAL COOLANT MAINTENANCE TEST KIT

Final Charge Global Extended Life Coolant / Antifreeze Inhibitor Level Test Strips, are also available in a kit with a refractometer to accurately and quickly measure your coolants freeze point.

Kit Contains:

- 1 Bottle of 25 test strips
- Refractometer
- Sample vials
- Syringe
- Carrying case
