MOTIF

The Motif is a one-light semi flush fixture that provides superior overhead illumination. The 9 inch height of the Motif allows it to be used as a traditional semi flush mount light over a sink or in a hallway. Several can be uniquely grouped in a series to define a space in the home.

TANGO

The Tango wall light proves that simple style does not have to be boring. It features burnished brass accents on the backplate, cable cover, and fixture arm, which gives the design some pop. The matte black metal shade is laser-cut on its edge in a subtle wave pattern, adding a soft touch to its look. The wall sconce is ideal for lighting your bathroom, entryway, mudroom, or hallway. With Tango, the possibilities are endless.

SPYGLASS

The crystal clear, waisted glass flute shade of the Spyglass series appears to float around the single light source. Its clean appearance is complemented by the various finishes, suitable for any transitional design. The width and height incorporate the glass, which is suspended by a three-point mount that extends from a round back plate and delicate hook.

FARO

Faro is a streamlined, retro industrial design large one-light pendant that combines complementary finishes with vintage-styled prismatic glass. The Polished Nickel and Matte Black tones mimic a vintage fixture, while the clear prismatic glass diffuses the light that shines through. The Faro small pendant is 12.625 inches wide by 14.125 inches high, allowing it to stand alone or when several are grouped together makes an impactful design statement.

CORDELLO

The design of the Cordello collection is traditional and elegant, with beautiful curves and crisp shades. The elongated shades add a sense of drama and are etched white, diffusing the light for a soft glow. The minimalist design is adds a timeless style suited for a variety of home decors, making Cordello an excellent choice indeed.

FUNCTIONAL solutions

DESIGN THAT DELIVERS

BLINK's LED fixture program offers a diverse range of lighting solutions with a focus on quality and performance. Featuring a graceful design with die-cast aluminum construction, quick installation brackets, and compliance for reliability and adaptability in various settings

BLINK® SERIES

SETTING THE STANDARD IN PROFESSIONAL LIGHTING

BLINK's LED fixture program offers a diverse range of lighting solutions with a focus on quality and performance. Featuring a graceful design with die-cast aluminum construction, quick installation brackets, and compliance for reliability and adaptability in various settings.

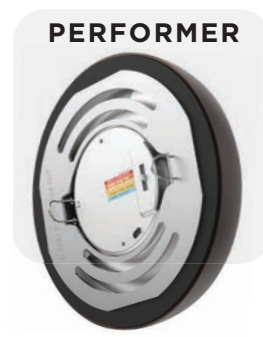

THE DIFFERENCE IS IN THE DRIVER

BLINK's external drivers boast advanced components that better regulate the electricity flowing to the LED chips, preventing electrical interference, overloading, and overheating. While some DOB (driver on board) flush mount fixtures may be an option, many don't offer the same level of performance, efficiency, and longevity as an external driver.

The external driver design extends the lifespan of our fixtures, setting them apart from DOB products that tend to experience premature driver failure and flickering due to inadequate filtering components. Furthermore, our external drivers are designed to match the precise needs of our LED fixtures, resulting in superior efficiency. Plus, the added components delivers improved dimming capabilities, which simply isn't possible to achieve with DOB designs due to limited space.

BLINK® PRO | EM BATTERY BACKUP

In critical lighting situations, the BLINK® Pro EM Backup provides peace of mind while seamlessly integrating with the BLINK® Pro Series.

EM SPECIFICATIONS

- Alert Function
- Test Indicator Combo Button
- 90 Minute Battery Run Time
- Quick-Snap Installation

- **Green:** Fully Charged
- **Blinking Red:** Service Battery
- **Red:** Indicates Charging

BLINK® PRO | EXTENSION COLLARS

SQUARE & ROUND OPTIONS

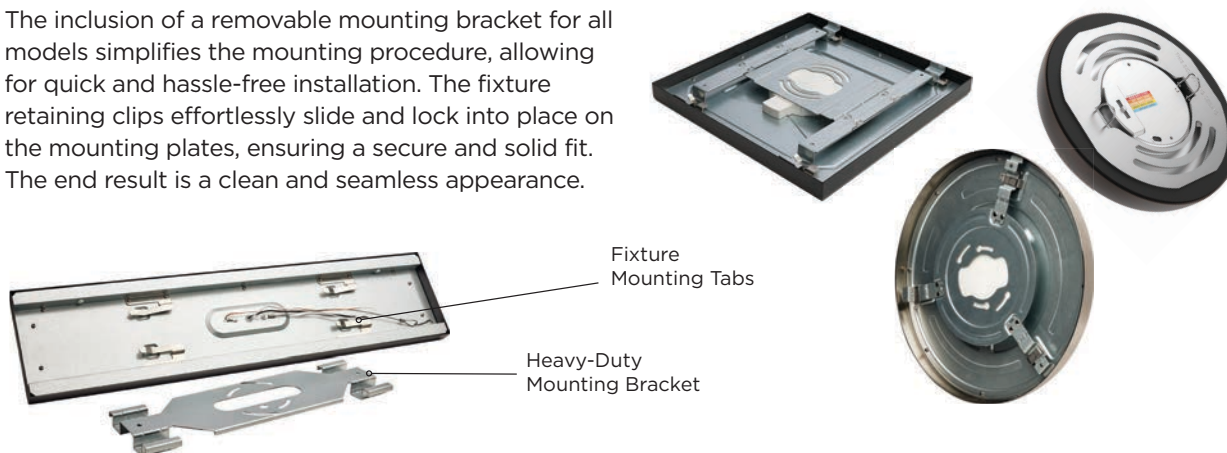

Extension Collars for shallow box installations or to match profile of BLINK® Pro with EM Models.

Extension Collars come in White, Black, Brushed Nickel and Bronze Finishes.

BLINK® SERIES | MOUNTING BRACKETS | EASE OF INSTALLATION

The inclusion of a removable mounting bracket for all models simplifies the mounting procedure, allowing for quick and hassle-free installation. The fixture retaining clips effortlessly slide and lock into place on the mounting plates, ensuring a secure and solid fit. The end result is a clean and seamless appearance.

✓ = 5" & 7" Comply for Zero Clearance Applications

• = Consult NEC Code for Dimensional Parameters for installation in clothes closets.

Features

- Dimmable
- 5 CCT Selectable
2700K/3000/3500/4000K/5000K
- Available in 120V and 120V/277V
- Emergency Backup Options
- Enhanced Driver Filtering
- Built-In 2.5KV Surge Protection
- Quick-Install Mounting Brackets
- Chamfered Bezel Die-Cast Construction

Complies with NEC 410.16(A)(3) & NEC 410.16(C)
(5) Certified under UL 1598, suitable for clothes closet installation.

TRACK lighting

LIKE A FINE WINE

These brilliant lighting concepts just get better with age. After more than six decades in use, track lighting remains one of the most versatile lighting solutions. Advanced LED technology is showcased in our color selectable and beam adjustable products. Featured here are new compact sizes which deliver discrete source of light and “Starfish Smart” options offer a new level of control and flexibility.

EXTERIOR design

MAKE AN ENTRANCE

Make each entrance into your home a welcoming one with our selection of finely conceived outdoor lighting collections. Whether a traditional coach lantern style or a contemporary LED architectural design, each product will guarantee that the first design statement your guests will see sets the mood of what is to come.

CRADLE LED

3-CCT SELECTABLE - 2700K | 3000K | 5000K

The Cradle wall lanterns make a stylish, unique impression on a home's exterior with their contemporary-modern design. The long scoop saddles a perfect orb of opal-white glass that houses an integrated LED light source. At only 6 watts, these fixtures help keep costs down. The lanterns are an ideal solution for decorative outdoor lighting.

ATMOSPHERE LED

The Atmosphere LED series makes a giant impact with its minimal design. The integrated LED module is housed within a sphere of matte black finished metal with opal or Clear Seeded glass, and is suitable for all exterior applications. The single-arm extends and curves downward, continuing the simple design surrounding this fixture.
