

FULL ON AGILITY

CNX 2020

CNX™

1 CYCLONIC PERFORMANCE

Its **patented cyclonic suction** is powerful and long-lasting. Its **helix shaped brushes**, its large suction inlet and its **filter capacity of 4L** enable to collect all debris more efficiently, even the biggest ones.

With CNX™, your pool will be perfectly clean all year round.

2 INTEGRATED AGILITY

With its **embedded smart sensors** and its **unique design**, CNX™ offers excellent pool coverage and limitless agility.

Thus, it is ideal for all pool shapes and surfaces.

3 EASE OF USE

Its top access filter, and its **transparent window** offer real daily ease of use. The quick discharge of water makes it **lighter when removing the robotic cleaner from the pool**.

As it's **autonomous**, the **electric robot cleaner** does not need to be connected to the filtration system. It collects debris directly in its own filter canister. Equipped with true artificial intelligence, it can **reach every corner of the pool, climb walls and clean the waterline**. Now able to connect to your WiFi network, it can be controlled from your smartphone through the iAquaLink™ application.
