

Technical drawing of a bolt head and threaded section. The head is cylindrical with a diameter of  $26 \pm 0,10$  mm and a height of 13 mm. The fillet radius is R0,50. The thread is Rosca M-25x1,5. The total length of the bolt is 23,75 mm, with a threaded length of 2,25 mm. The thread has a lead angle of  $1 \times 45^\circ$ .
