

ULTIMATE POWER IN 4X4

GV 5220

VORTEX™ 4 WD

1 PATENTED CYCLONE SUCTION

Zodiac® engineers have created the first **cyclone suction** pool cleaners. The high-power vortex inside the filter keeps debris in suspension, thereby preventing the filter from blocking and **maintaining cleaning performance**.

2 ALL-TERRAIN AGILITY

Its **4-wheel drive** allows the GV 5220 to move with agility in even the most challenging pools. **It crosses obstacles in the pool with ease and adapts perfectly to all surface types.**

3 HIGH SUCTION CAPACITY

The GV 5220 robotic cleaner guarantees perfect large-scale cleaning. **With its extra wide suction inlet** and its high-capacity 5 L filter, it can suck up and store all types of debris for maximum user comfort and **to maintain the same suction power** throughout the whole cycle.
