

UNIQUE ROBOT FOR PUBLIC SWIMMING POOLS

Gyro technology: This new smart navigation system will ensure your pool is thoroughly cleaned every time. It avoids all types of obstacles and has a tangle-free power cable.

- 3 cleaning cycles.
- Better performance thanks to its unique size in the market.
- For pools up to 25 m.
- Best control of trajectories thanks to a gyroscope.
- Plug&Pla.

Pool cleaner Ultra 500 for commercial pools up to 25 m. Cleans the floor. With a gyroscope build in ensures the total coverage of the pool surface. It has three different programs: 3 h (floor only), 4 h (floor and wall), 5 h (floor and wall). Remote control, 30 meters of cable and a caddy. It has 3 high quality DC brushless motors. The pump capacity is 22 m³/h. A LED indicator that shows when the filter has to be cleaned.

TECHNICAL CHARACTERISTICS

ULTRA 500_AUTOMATIC POOL CLEANERS

CODE	60169
FLOOR	Yes
WALLS	Yes (Up to the waterline)
REMOTE CONTROL	Yes
CLEANING CYCLES	3/4/5 h with automatic shut off
CLEANING CYCLE DELAY	2 h. (Optional)
AQUASMART	Yes
GYRO SYSTEM	Yes
POWER SUPPLY	30 V DC
POWER CONSUMPTION	120 W
POWER CONSUMPTION / CURRENT	24 V DV / 5A
LENGTH OF CABLE	30 m
CADDY	Trolley
RATE OF SUCTION (m ³ /h)	22 m ³ /h
FILTER TYPE	Reusable bag (capacity 11.520 cm ²)
POWER SUPPLY	SPS 500
ELECTRICAL SPECIFICATIONS	100-259 V/ 50-60 Hz / 180 W
DRIVE MOTORS	Heavy duty belt
DRIVE MOTORS	Basic / Standard / Superior
CLEANING LEVEL	Yes
ELECTRONIC SWIVEL	Yes
SPEED	16 m/min
SURFACE	580 m ² /h
MAXIMUM POOL SURFACE AREA	25 m
WARRANTY	24 months
