

## 230V+T

Coffret livré pré-câblé en 230V+T  
Control panel provided in 230V+E  
Armarío entregado cableado en 230V+T

Réglage du disjoncteur  
Adjust of circuit breaker  
Ajuste del guardamotor

Calbrer le disjoncteur en fonction de la puissance de la pompe  
Adjust the circuit breaker according to the power of the pump  
Ajustar el guardamotor con respecto a la potencia de la bomba

Pompe de filtration  
Filtration pump  
bomba filtracion

Contact manque d'eau  
Low level contact  
Contacto nivel bajo

Projecteur  
Light  
Foco  
100W 12V

Allimentation 230V+T  
Power supply 230V+E  
Alimentacion 230V+T

Tous les cables doivent être de type U1000R2V  
All cables must be of the type U1000R2V  
Todos los cables deben ser del tipo U1000R2V

## 3 x 400V+N+T

Retirer les pontages existants  
Remove existing bridges  
Quitar los puentes existentes

Allimentation 3x400V+N+T  
Power supply 3x400V+N+E  
Alimentacion 3x400V+N+T

## 3 x 230V +T

Retirer les pontages existants  
Remove existing bridges  
Quitar los puentes existentes

Allimentation 3x230V+T  
Power supply 3x230V+E  
Alimentacion 3x230V+T

Pompe de filtration  
Filtration pump  
bomba filtracion

Pompe de filtration  
Filtration pump  
bomba filtracion

## 230V+T

Quadro consegnato cablato in 230V  
In 230V geliefert Kasten  
Quadro entregue cabografado em 230V

Regolazione del disgiuntore  
Einstellung des Schalters  
Ajustamento do disjuntor

Regolare il disgiuntore in funzione della  
potenza della pompa  
Den Schalter gemäß der Kraft der  
Pumpe einstellen  
Calibrar o disjuntor em função da  
potência da bomba

Allmentazione 230V+T  
Ernährung 230V+T  
Alimentação 230V+T

Contatto livello alto (o antigelo)  
Kontakt Hohes Niveau (oder  
außerhalb Frostes)  
Contacto nível elevado (ou fora  
de gelo)

Faro  
Projektor  
100W 12V

Contatto livello basso  
Kontakt Niedriges Niveau  
Contacto nível baixo

Pompa di filtrazione  
Filterpumpe  
Bomba de filtração

Tutti i cavi devono essere  
del tipo U1000R2V  
Alle Kabel müssen von  
Typ U1000R2V sein  
Todos os cabos devem  
ser de tipo U1000R2V

## 3 x 400V+N+T

Togliere i cavi esistenti  
Die bestehenden Brücken zurückziehen  
Retirar as pontes existentes

Allmentazione 3x400V+N+T  
Ernährung 3x400V+N+T
