MASTER THE POWER

## GV 5480 iQ

### 1 INTELLIGENT REMOTE CONTROL

The electric robot cleaner GV 5480 iQ can connect to your WiFi network and be monitored from your smartphone. Remote control allows you to manage very simply how your pool is cleaned and **makes daily life easier.**

### 2 THE POWER OF CYCLONE SUCTION

To guarantee optimum suction, Zodiac has created cyclone suction. By keeping debris in suspension thanks to a high-powered vortex, **this patented technology makes it possible to reduce clogging of the filter.** Cleaning is more powerful, right up to the end of the cycle.
